

Bluetooth 4.1 sports headphones

Instruction manual

Charging the headset

1. During charging, the indicator light will be red.
2. When the headset is fully charged, the red light will turn blue, please unplug the charger.

Issues that require attention

Because the Bluetooth headset has small capacity lithium batteries, charging should use original charging equipment and according to the following instructions:

Charging voltage: 5V

Charging current: 500 Ma

Charging time: 1 hour, or when the light turns blue.

Note: Failure to charge according to this guide may damage the headset, in extreme cases even cause an explosion, as well as render any failure out of warranty for this product.

To pair the headset to a Bluetooth enabled cell phone

- A. Turn the headset on, in standby mode.
- B. Set the phone to scan for Bluetooth devices
- C. When the phone finds the headset, confirm by selecting the headset from the list.
- D. Enter the passcode 0000 when prompted by the phone.
- E. Repeat the steps if the pairing was not successful, it is only necessary to pair once (if the pairing was successful, it starts flashing blue, indicating that it is in standby mode and ready to receive calls)

To answer calls

- a. Press the answer key on the handset, or b. Briefly press the answer/end key on the handset.
